Fiscal Management presently with 2.0 per cent weightage. Fiscal performance is assessed in terms of the difference between the State's own resources including contribution from power, irrigation and transport sectors estimated at the time of finalising the Annual Plans and their actual performance based on the average of the last five years for which actuals are available. Those States which perform relatively better in comparison with their own commitments get higher proportion of this part of the assistance.

People living below poverty line

974. SHRI GANATAN BISI: Will the Minister of PLANNING AND PROGRAME be pleased to state:

(a) what is the percentage of people living below the poverty line during the year 1993-94;

(b) whether the objectives of various poverty alleviation measures adopted during the Eighth Five Year Plan has been achieved;

(c) if so, the details thereof?

THE MINISTER OF STATE OF THE MINISTRY OF PLANNING AND PROGRAMME IMPLEMENTATION (SHRI GIRIDHAR GAMANGO): (a) The estimates of percentage of people living below the poverty line during the year 1993-94 are not available.

(b) and (c) The targests and achievements of the Major Poverty Alleviation Programmes are in the Statement.
